

# Green Bin2

Residents are recycling waste like never before. Demand for a mid-capacity, wet organics bin is high for domestic and commercial applications. The ORBIS 12-gallon Green Bin2 is ideal for efficient curbside collection of organic waste.

Orbis works closely with communities and municipalities to implement successful composting programs. Orbis experts and easy-to-use products help residents learn to divert food and yard waste from landfills. Through this diversion communities are able to reduce curbside collections and decrease tipping fees, freeing up funds for other important initiatives.
